

Qn. No.	Part - B	Marks
11	Shell is intrusive body parallel to bedding plane	2
12	all the minerals are of <del>same</del> almost of the same size	2
13	Glossopora and Pterophyllum	
14	body which bears contains major part of shell.	2
15	Basalt & Pumice	2
16	Plane - <del>is</del> where displacement made : angle of the fault	
17	Conglomerate - round pebbles / grains Breccia - Angular & Subangular grains	
18	Cambrian, Ordovician, Silurian, Devonian, Carboniferous and Permian.	
19	Joint - fracture in a rock along which no displacement Fault - fracture in rock but with relative displacement in rock	

Qn. No.		Marks
20	There are the once heavily wide geographic distribution about vertical geologic range	
21	showing the relative importance about two different orders	2
22	Older rocks surrounded by younger rocks	2
<u>Part - C</u>		
23		5
24	Ripple marks, cross bedding, stratification, mud cracks	5

Qn. No.		Marks
	Part - D	
25	Thermal metamorphism Diagenetic thermal metamorphism Dynamic metamorphism Plutonic metamorphism	5
26	Hinge, Axial plane Axis limb Plunge of fold Crest of fold Trough of fold	5
27	Description on Geology Stratigraphic lithology plan & form & structure of Geology of Karnataka	5

Qn. No.		Marks
V	Part - D	
28	Defn Description	2 3
29	Defn Types	2 3
30	List of uses with field of Aug, mining Road work.	5
	<del>Part E</del>	
VI	31 volcanic, hypabyssal & Plutonic Igneous with description	5

Qn. No.		Marks
32	Coral - Skeletal label & description	5
<del>33</del> 3		
33	-1) Order of Superposition	2 1/2
	2) Uniformitarianism	2 1/2
34	gneissose	2 1/2
	Schistose	2 1/2

Qn. No.		Marks
<u>VII</u>	Defn	2
35	Diagn & Description	3
36	Head, Thorax & Pygidium Sketch label exemplum	5
<u>VIII</u>		
37	Description	3
	exemplum	2
38	Defn	2
	Types	3
	P	

Qri. No.		Marks
	<u>Part - D</u>	
<u>IX</u>		
39	Description	
	pillow lam	4
	Stankfishes	4
	wound parrot	2
40	a) Breuer & Condon	4
	b) Ventrals & Amygdolodus	4
	c) granulos	2

Qn. No		Marks
<u>X</u>	<u>Part - E</u>	
41	Explain or types Significance	3 2
42	morphology with description	5
43	<del>Proce</del> procedure with diagrammatic explanation	5
